# Financial Highlights

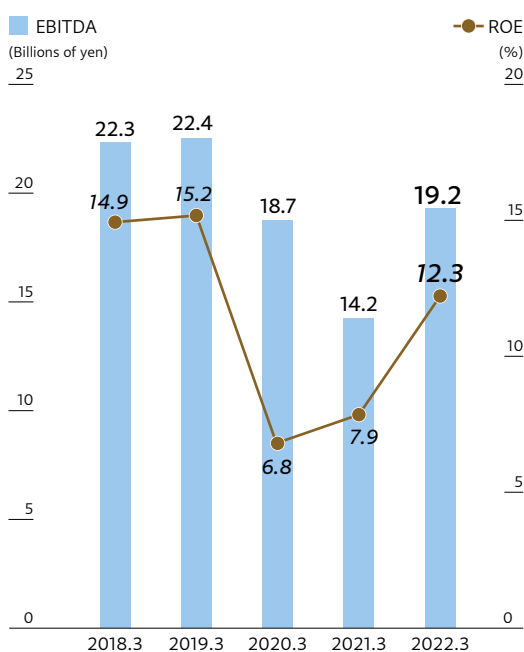

## Net Sales/Overseas Sales Ratio

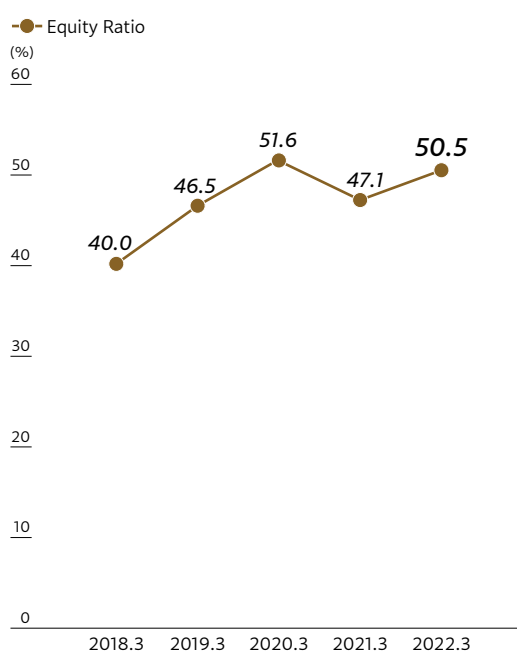

## Operating Profit/Operating Margin

## EBITDA<sup>1</sup>/Return on Equity (ROE)<sup>2</sup>

## Equity Ratio<sup>3</sup>

1. EBITDA = Operating profit + Depreciation + Amortization of goodwill

2. Return on equity = Profit attributable to owners of parent ÷ Average of total equity\* × 100

\*Equity = Net assets – Subscription rights to shares – Non-controlling interests

3. Equity ratio = Equity ÷ Total assets × 100
